

## Workshop “Shaping the Parameters of Offsetting “

Max Planck Digital Library in Munich, 7-8 March 2016

### Agenda

#### March 7

**11:00 Welcome, introduction to the INTACT/ ESAC project, scope of the workshop**  
(Kai Geschuhn, MPDL)

**Offsetting: general principles and its relevance for the open access transition**  
(Ralf Schimmer, MPDL)

*12:30 Lunch*

**13:30 Showcases of current agreements and negotiations labeled as offsetting**  
-15 minutes presentation each plus 15 minutes of discussion-

Guiding aspects:

- i. General objectives of the agreement: strategic focus, expectations, preliminary considerations, and starting situation in terms of the underlying data basis and licensing situation
- ii. Realities and surprises upon entering into the negotiations
- iii. General mechanisms of the agreement (if already in place)
- iv. Administrative processes with regard to their scalability

#### **Part I**

**13:30 United Kingdom, Sweden, Norway, Finland**

*15:30 Coffee break*

#### **Part II**

**16:00 Austria, Netherlands, Denmark**

**17:30 ‘Pay it forward’ in the United States** (Ivy Anderson, California Digital Library)

**18:00 Wrap-up day 1**

*19:30 Dinner at „Gaststätte Georgenhof“, Friedrichstraße 1, München-Schwabing*

**March 8**

**09:00 Max Planck's offsetting agreement Springer Compact**

(Julia Graepel, Max Planck Digital Library)

**09:30 Improving data evidence – introduction of the Open APC initiative**

(Dirk Pieper, Bielefeld University Library)

*10:00 Coffee break*

**10:30 Shaping the parameters of offsetting, developing a network**

*12:00 Lunch*

**13:00 Meeting of Springer Compact users**
